Art Work Specifications

Resizing from camera ready is normal.
Any and all time spent, is chargeable,
however; our \$20.00 minimum covers
most instances.

Art work to be printed, should be designed with
the CMKY color palette.

Pantone colors must be included if used

up to 5% variation of color difference can
occur, between proofs and final product,
because of ink & stock variations.

Also, it is not likely the color will match
when viewed from the computer screen
in RGB as opposed to printing in CMYK.

Claims for defects, damages, or shortages
must be made within 5 days of receipt.

Print ready art work will be run as is.
Spelling corrections, editing, resizing,
margins, bleeds will be chargeable.

Print Guide

Always include bleeds 1/8"

Margins and bleed sample
